6. Now, fold the page vertically from the left to the right following the dotted line shown above.

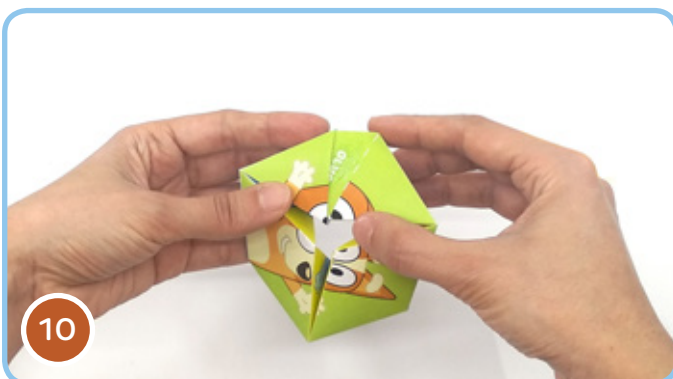

7. Fold section by section across the entire graphic and then unfold.

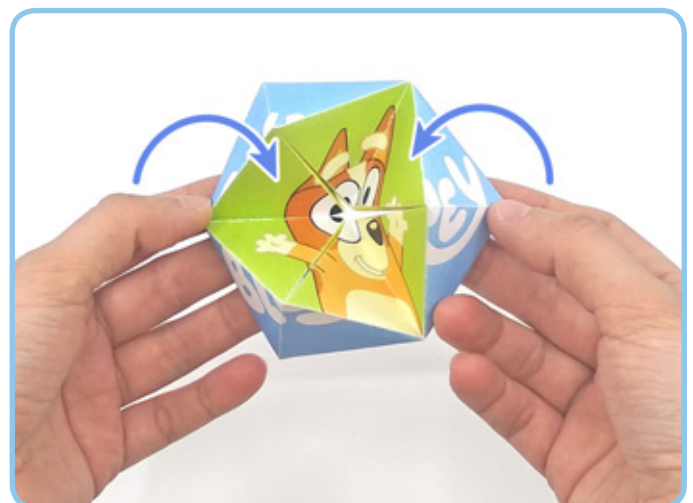

8. Gently fold the paper so that the GLUE tabs align along the length to form a tube. Add glue on the tabs - press and hold until dry.

9. Finally add glue to the end tab...

10. ...and carefully tuck the tabs into the other open end of the tube. Press and hold until dry

You're done! You've made a fidget toy out of paper - Go play!
