

# QUEEN'S SCEPTRE

## You will need:

- Paint: red, yellow, dark yellow, white, green, dark green and black
- Wooden spoon
- Brushes
- Marker

1. Start by drawing a zig-zag on the wooden spoon, front and back.

2. Then paint above the zig-zag in red and below the line in yellow.

Then paint the handle of the wooden spoon in black. Leave aside to dry.

3. Gently outline the zig-zag with the darkest yellow paint. Then paint a small white circle and two green leaves in the centre of the yellow area. Finish your sceptre by outlining the leaves with dark green paint.

Splendid! Time to have some fun playing Queen, just like Bluey and Bingo.
