

WHAT YOU'LL need:

- Paper
- Coloured Pens
- Scissors
- Glue
- Stapler
- Printout

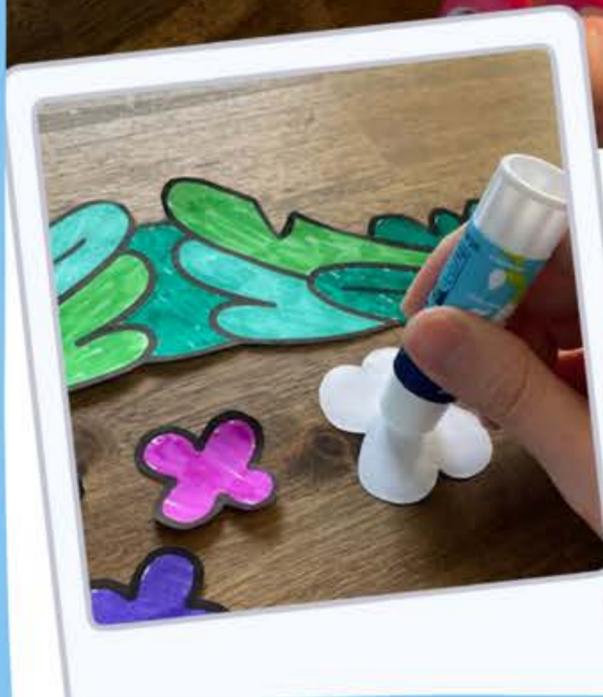

1.

Print out the flower crown sheet. Then, pick your colours and get colouring. We made the main part leafy green and coloured the flowers purple and pink to match the one that Dad wears.

2.

After colouring, cut out all of the pieces using a pair of scissors. Don't forget to ask a grown up for help!

3.

When all of the pieces have been cut out, glue the flowers to your crown to create your own mix of flowers.

4.

Now to make the headband (this is the part that goes around your head). Grab an A4 piece of paper and fold it lengthways twice so you have 4 even sections. Then, cut along the folds to make four separate pieces.

5.

Now line up your paper pieces on either side of your crown. Then place the paper behind the crown and staple together.

NOW GET EACH END

6.

Measure the straps around your head and hold them in place. Ask a grown up to staple the paper where they meet and then cut off any extra paper.

THAT'S IT!
